

What is a Soda?

For many it is a trip down memory lane when things were different, yet memories remain, of the sweet taste of nectar, chocolate and strawberry, squeezed in a glass with soda and topped with a cherry.

To those who never had one before — It's an opportunity to taste something new — that isn't poured from a bottle, can or on tap like a brew.

If it's your first time don't hesitate.

If you're strolling down memory lane your taste buds can't wait.
